TERRITORIAL NOTES.

Items of Interest Culled From Our
Exchanges.

The Caballera ranch of Sonora, Mexico, has been sold to Geo. W. Linger, of Texas. Chas. Fernald, the Chicago stockman, and A. H. McKay, who formerly held a controlling interest, retire, placing the control of the big ranch in the hands of Mr. Linger, who is a practical man and who intends adding materially to the stock now on the range, which has ample feed and water for a herd of 9,000 head. The transaction was closed at Cananea one day last week, at which time a meeting of the board of directors of the company was held.—Stockman.

Joseph Pool is opening a three foot vein of gold bearing quartz in the Saddle Mountain district, adjoining the gold properties now developing under the management of mining men from Bisbee. A sample taken across the Pool vein assayed \$16 in gold to the ton of ore. In other words Mr. Pool has three feet of ore that will average \$16 in gold to the ton of ore. This is high grade and being convenient to the Phoenix and Eastern railroad and the proposed Arizona and the Eastern property could be made a great dividend payer.—Blade.

Ed. Massey, a general mine manager for Col. W. C. Greene, arrived from the Sierra Madres, Thursday, on his way to Magdalena, Sonora, to visit his family. He had been to the Mulatos mines of Col. Greene and had made a considerable trip through the lands of Col. Greene, and will soon return to continue it.

At Mulatos nothing but extensive development is going on under the general management of C. G. Chaso with W. E. Pomeroy as superintendent. Mr. Massey lost four pack mules and their packs by drowning in the Aros river about ten days ago.—Chihuahua Enterprise.

Congress Mill Closed.

The mill of the once famous Congress mine of the Consolidated Gold Mines Company has been closed down and it may be some time before the mill is running and pounding out gold again. The supply of high grade ore has played out and more development work must be carried on. The company is working a cyanide plant to full capacity to clear up all the values in the old product. The company is also pushing development work in shaft No. 5, a force of men is at work night and day and they are now down 1,875 feet, going at the rate of twenty-seven feet per day. In this shaft 4,000 gallons of water are handled each day. The water is pumped to the surface and there turned to good account at the large cyanide tanks. The company has an unlimited amount of low grade ore, which runs about \$4 to the ton, but under present conditions and facilities it does not pay to work this.—Phoenix Enterprise.

Notice to Creditors.

Estate of M. C. Gavin, deceased.

Notice is hereby given by the undersigned, Administrator of the Estate of M. C. Gavin deceased, to the creditors of and all persons having claims against the said deceased, to exhibit them with the necessary vouchers, within four months after the first publication of this notice to the said Administrator at the office of Frank J. Duffy, attorney at law, the same being the place for the transaction of the business of said estate, in said County of Santa Cruz.

CATTLE GROWERS' ASSOCIATION.

Large Gathering of Cattle Raisers—
Endorse the Rangers.

At the second annual meet held in Phoenix last week the following gentlemen were re-elected officers for the ensuing year: President, W. H. McKittick, of Wilcox; first vice president, Hon. M. A. Perkins of Jerome Junction; secretary, Harry L. Heffner of Pantano; treasurer, O. H. Christy of Phoenix.

The members of the executive committee of the various counties are as follows: Apache, Gustav Becker and A. H. Pratt of Springville; Cochise, W. H. Neal of Gleason, F. B. Moson, Naco, H. K. Street, Benson; Coconino, C. J. Babbitt, W. D. Rodney and Jas. A. Vail of Flagstaff; Gila, D. J. Peter, Roosevelt, J. N. Porter, Globe, and A. J. Howell of Cline; Graham, J. A. Terrell, Safford, J. V. Parks, Solomonville, H. Martin, San Carlos; Maricopa, W. P. Sears, W. W. Cook, Phoenix, and A. J. Chandler, Mesa; Mohave, George A. Bonelli, Kingman; Navajo, R. C. Creswell, Barnett Stiles, Winslow, and Frank Wallace of Holbrook; Pima, Manuel King, Arivaca, M. G. King, Hon. N. W. Bernard, Tucson; Pinal, John N. Brown, Tucson, F. L. Criswell, Phoenix, Chas. H. Bayless, Tucson; Santa Cruz, F. L. Proctor, Cananea, Colin Cameron, Patagonia, G. W. Atkinson, Calabasas; Yavapai, J. W. Sullivan, Seligman, John Drake, Prescott, L. L. Harman, Tempe; Yuma, Burt Dunlap, Yuma.

George W. Atkinson and Joe Wise of Calabasas who attended the meeting with one hundred and fifty other cattle growers, returned home Saturday night. They say the meeting was interesting and several important matters were discussed and matters to come before the legislature were framed.

The cattle growers oppose the retirement of the Arizona Rangers, as has been suggested and will fight any measure looking to the abolishment of this service. The rangers have done much to assist the cattle growers in ridding the country of rustlers and the cattlemen will not stand for the proposition to retire these men.

The following resolution was adopted:

"WHEREAS, It has been stated upon the floor of this convention that forty-four papers within the Territory of Arizona have generously extended the use of their columns in publishing as general news the date and place of the meeting of the Arizona Cattle Growers' Association.

THEREFORE, Be It Resolved, That the Arizona Cattle Growers' Association does hereby unanimously extend to the press of this Territory its thanks and express our high appreciation of its courtesies."

Lost Its Properties.

The Mitchell Development Company has lost its properties in the Huachuca. After many delays the company was forced to admit that it could not raise the money to make the next payment on the property and the owners of the sixty odd claims have retaken possession. The Mitchell Company expended over \$80,000 in developing these properties, of which sum it will lose every cent. The owners fall heir to various improvements and machinery which were placed on these properties by the Mitchell Company. However, as generally understood among them, the taking possession of the Mitchell improvement was due to no spirit of hostility to the company, which the ground owners are still open to make new terms with if the company manages to bring about the reorganization and the securing of funds that effort is being made in Michigan to effect.—Exchange.

Terrazas' Sword.

Gov. Creel has appointed Gen. de la Vega, State Treasurer Sanchez and Jefe Politico Mapula to procure a sword to be presented by the state to Gen. Terrazas in grateful recognition of his services in driving the French out of Chihuahua. The ceremonies will take place on March 25, the anniversary of the victory won by General Terrazas in retaking this city from Maximilian's force.

This sword is a long forgotten honor to the General. It seems that this sword was voted to him by the state congress in 1866 and the matter of procuring and presenting it was simply neglected and forgotten until now.—Chihuahua Enterprise.

The Jarrillas Mining Co.

A shipment of a carload of ore from the mines of the above company was made today to the smelter, which, it is expected, will yield about \$2,500 net. A force of eighteen men is now employed and work is prosecuted night and day, producing about one ton of selected shipping ore per day. With the ore improving in grade and quantity the fortunate stockholders will soon be receiving dividends. All the stock is held among our local business men, the following serving as directors: Bracey Curtis, Dr. Gustetter, Dr. Bristol, Mr. Overton and Mr. Messick. As all the company's expenditure for supplies, wages, etc., is made right here in the city, this enterprise already ranks as one of the most beneficial ones to our community and it has our best wishes for unbounded success.—Thursday's Times.

\$50.00 Reward.

The Sonora R. R. Co. will pay a reward of \$50 for the apprehension of the person or persons who, on January 14, maliciously started and derailed the switch engine near Morley avenue railway crossing.
